Visiting Card

A visiting card, also known as a business card, is a small card that typically includes an individual's or a company's contact information. It serves as a convenient way for people to exchange contact details in a professional or social setting. Visiting cards often contain the person's name, job title, company name, address, phone number, email address, and sometimes a logo or other relevant information.

Social Media Cover / Banner

A **social media banner** is a visual element used on social media platforms to represent an individual, business, brand, or event. It is typically a large and prominent image displayed at the top of a social media profile or page, serving as a key visual element to convey important information, create brand awareness, or make a visual statement.

Logo Design

Logo design is the process of creating a visual symbol or mark that represents a brand, company, organization, product, or service. A logo is typically a unique graphical element that helps in instant recognition and identification of the entity it represents. It's a crucial aspect of branding and plays a significant role in establishing the identity and image of a business or entity.

Brochure

Certificate

A brochure is a corporate marketing instrument to promote a product or service. It is a tool used to circulate information about the product or service. A brochure is like a magazine but with pictures of the product or the service which the brand is promoting.

A certificate is an official document that contains a certified statement, especially about the truth of something. It can also be a document that certifies that someone has fulfilled the requirements of and may practice in a field.

Aditya Mishra

GRAPHIC DESIGNER

I'm Aditya Mishra, a passionate and innovative graphic designer with a knack for creating captivating visual experiences. With 3 years of experience in the field, I have honed my skills in designing eye-catching graphics that leave a lasting impression.

My design journey began with a deep love for aesthetics and a keen eye for detail. Through formal education and hands-on experience, I have mastered various design techniques, including typography, color theory, layout design, and digital illustration. I am well-versed in utilizing industry-standard design software, such as Adobe Creative Suite (Photoshop, Illustrator, InDesign), to bring my creative visions to life.

Thank You
